

12K HYPERIBEAM LUMENS FLASHLIGHT

INTRODUCTION

Super powerful COB/LED produces extremely bright, white light with an output ranging from 300 - 12000 lumens and a working range of 100- 200 metres. Zoom type can be changed from spotlight to wide area by a twist action of the head.

Durable aluminium housing. Three power options, full power medium and low. Powered by rechargeable Li-ion batteries. Supplied with USB-C charging lead.

Mode	Turbo	High	Medium	Low
Brightness	12000lm	7000lm	3000lm	300lm
Beam Distance	20m	35m	45m	
Work Time	30s	2hrs	3hrs	12hrs
IP Rating	IPX7			
Battery	7.4V/5000mAh lithium battery			

OPERATION

Before first use, unscrew the battery compartment screw cap and remove the white disc from beneath the contact. The On/Off button will flash red when the battery level becomes low. Lift up USB cover to reveal USB charging point, where the provided USB charging cable can be inserted). Plug in the cable to an appropriate power source. Charging will take approximately 6hrs. When charged remove USB cable and close the USB cover. To switch on press on/off button (side of the torch), press again to change to low beam, press again to switch off. Twist to adjust light beam from flood light to spotlight.

SPECIFICATION

- 1pc COB led bulb
- 26650 lithium battery,7.4V 5000mAh
- Mode: High-Medium-Low-off ,dual press strobe mode, long press ultra bright/Turbo mode - Twist to zoom
- Brightness: 7000lm / 3000lm / 300lm Turbo mode reach 12000 lm
- Runtime: 2h-3h-12h,Turbo mode is just 30 seconds at a time
- Product size: 68*42*295mm,
- Product weight: 903g
- Include battery, 80cm Type-C cable
- Charger: 5V2A (excluded),
- Charging time 6h
- Power bank function, output 5V2A.
- Low battery warning function, the switch will change to red when low battery
- Waterproof grade: IP67
- Comes with lanyard

SAFETY

- Warning: Bright light DO NOT shine directly into the eyes.
- Do not operate with wet or greasy hands.
- Do not cover the lamp during operation.
- Must never be operated with an open housing, missing or damaged wiring, compartment, or missing or damaged lens.
- Must never be sprayed or cleaned using a steam pressure cleaner since this can damage the insulation and seals.
- Must never be repaired by the user, repairs must only be carried out by the manufacturer or an authorised service representative.

MAINTENANCE

Keep the torch clean by wiping with a damp cloth. Remove batteries if not being used for a long period of time. Store torch and batteries in a dry childproof area.

ENVIRONMENTAL PROTECTION

Recycle any packaging and unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes

completely unserviceable, reaches the end of its working life and requires disposal, drain off any fluids (if applicable) into approved containers and dispose of the product and the fluids according to local regulations.

WEEE (Waste Electrical and Electronic Equipment Statement)

Information on Disposal for Users of Waste Electrical & Electronic Equipment: This symbol on the product(s) and / or accompanying documents means that used electrical and electronic products should not be mixed with general household waste. For proper treatment, recovery and recycling, please take this product(s) to designated collection points where it will be accepted free of charge.

For private households: Dispose of this product at the end of its working life and in compliance with the EU Directive on Waste Electrical and Electronic Equipment (WEEE). Contact your local solid waste authority for recycling information for this equipment. Disposing of this product correctly will help save valuable resources and prevent any potential negative effects on human health and the environment,

which could otherwise arise from inappropriate waste handling. Please contact your local authority for further details of your nearest designated collection point. Penalties may be applicable for incorrect disposal of this waste, in accordance with your national legislation.

For business users in the European Union:

If you wish to discard electrical and electronic equipment, please contact your dealer or supplier for further information.

Disposal in other Countries outside the European Union:

This symbol is only valid in the European Union. If you wish to discard this product please contact your local authorities or dealer and ask for the correct method of disposal.

RoHS (2011/65/EU - (Restriction of Hazardous Substances)

Based on randomly-sampled examination of the evaluated product, the results of Lead, Cadmium, Hexavalent chromium, Polybrominated biphenyls (PBB), Polybrominated diphenyl ethers (PBDE) in tested

samples comply with the limits as set by RoHS Directive 2011/65/EU ANNEX II; recasting 2002/95/EC.

WARRANTY

Jefferson Professional Tools & Equipment, or hereafter "Jefferson" warrants its customers that its products will be free of defects in workmanship or material. Jefferson shall, upon suitable notification, correct any defects, by repair or replacement, of any parts or components of this product that are determined by Jefferson to be faulty or defective.

This warranty is void if the equipment has been subjected to improper installation, storage, alteration, abnormal operations, improper care, service or repair.

Unless otherwise stated, the guarantee is 12 months from purchase date, proof of which is required for any claim. Full details of how you can register and activate your warranty as well as instructions on how to make a warranty claim are available on our website:

warranty@jeffersonstools.com.

For any further information relating to Jefferson warranty cover please call **+44 (0)1244 646 048 (UK)** or **+353 (0)1473 0300 (ROI)**.

EU DECLARATION OF CONFORMITY

We, Jefferson Professional Tools & Equipment, as the authorised UK representative of the manufacturer, declare that this equipment conforms to the requirements of the following:

2014/30/EU - EMC (Electro Magnetic Compatibility) Directive

Standards:

EN IEC 55015:2019+A11:2020

EN 61547:2009

EN IEC 61000 -3 - 3: 2019 + A1:2021

EN 61000 -3- 3- 3: 2013+2021 + AC:2022

2011/65/EU - RoHS Directive

Notified Testing Body: SHENZHEN TIMEWAY TESTING LABORATORIES

Equipment Category: Flashlight (LED)

Description: COB LED Rechargeable Flashlight JEFTRCH30

UKCA DECLARATION OF CONFORMITY

We, Jefferson Professional Tools & Equipment, as the authorised UK representative of the manufacturer, declare that this equipment conforms to the requirements of the following:

BS EN IEC 55015:2019+A11:2020

Limits and methods of measurement of radio disturbance characteristics of electrical lighting

BS EN 61547:2009

Equipment for general lighting purposes. EMC immunity requirements

BS EN IEC 61000-3-2:2019+A1:2021

Limits on the harmonic current injected into the public low-voltage mains electricity supply system by electrical and electronic equipment

BS EN IEC 61000-3-3:2013+A2:2021+AC:2022

Limits of voltage fluctuations and flicker impressed on the public low-voltage system

Notified Testing Body: Shenzhen - Timeway Testing Laboratories

Equipment Category: Flashlight (COB LED)

Description: COB LED Rechargeable Flashlight: JEFTRCH30

Signed:  Name and address of manufacturer or authorised representative:
