

## 160 LITRE 3HP SCREW AIR COMPRESSOR

JEFCIND160S-03.0

- Oil cooled motor
- Coaxial all-in-one motor design
- Easy access maintenance
- Colour touch screen control pad
- Permanent magnet motor offers significant benefits over traditional induction motors, such as higher efficiency, reduced maintenance and lower heat generation
- Rotary screws provide efficient drive transmission that eliminates slippage
- Silenced cabinet minimises vibrations and ensures a quieter operation
- Air receiver ensures consistent airflow which helps to manage pressure peaks during operation
- Guaranteed Sound Power Level: 75dB

- Tank Capacity: 160 Litre
- Voltage: 230V (13A)
- Motor: 3HP / 2.2kW
- Max Pressure: 10bar / 145psi
- Free Air Delivery: 220L/min / 8.0cfm
- Weight: 160kg
