

UNIVERSAL POWER COUPLING GREASE GUN

JEFUNIPCPGR

- An all-purpose grease gun coupler compatible with electric, cordless and pneumatic tools
- Working pressure is derived from the tool in use
- Fully automatic, cycles continuous lubricating grease flow to the power tool during operation
- Heavy duty aluminium construction supporting high working pressures between 4000-8000psi
- Equipped with high pressure relief safety valve for user protection and durability
- Grease capacity: 14 oz. cartridge / bulk / dispenser
- Rated working pressure: 4000psi / 275bar / 27.5MPa
- Maximum pressure: 8000psi / 552bar / 55.2MPa
- Pressure relief valve: Yes (>8000psi / >552bar / >55.2MPa)
- Power tool coupling holder capacity: 1.5" - 3"
